Burnaby, BC V5A 4R4

Dear Mr. Mackenrot:

Thank you for your support of the "*NMR Lab Equipment Fund*" at Thompson Rivers University (TRU).

Last year, donors like you directly supported 915 TRU students and helped fund ground breaking work including new learning spaces, such as the Industrial Training and Technology Centre and the Nursing and Population Health building which greatly improve our delivery of high-quality teaching, learning and research. Your financial support helps students achieve their academic goals and pursue their professional ambitions. Private donations help those in need, and celebrate our brightest stars.

Increasing student success is a priority in all that we do and you are helping make this possible. Thompson Rivers University is committed to having a positive impact on our students, our community and the world. It is through your leadership and support that TRU is able to grow, innovate and thrive.

On behalf of the students, faculty and staff of TRU, I extend our sincere gratitude for your generous gift and your leadership in supporting TRU. You are helping advance the educational experience we offer, the types of research we pursue, and the quality of our graduates who go out into society to maximize their potential.

Sincerely,

A handwritten signature in blue ink that reads "Alan Shaver".
